Invites you to join us to hear:

Jeff Skiles discuss the “Miracle on
The Hudson” Splashdown Flight

May 13, 2011 Fundraiser Event

Please join us for an inspiring evening with Jeff Skiles, the copilot on US Airways Flight 1549, now part of aviation lore as “The Miracle on the Hudson.” Jeff will share the “heart stopping” moments and the decision making process that led to the landing...with no loss of life... in the icy Hudson River when his aircraft was disabled shortly after take-off from New York’s La Guardia Airport.

Wisconsin born and raised, he is the son of two pilots. Jeff started flying as a teenager and began his professional flying career in his early 20’s.

Jeff speaks nationally on “Crisis Management at 3,200 feet”. He also serves as the co-chairman for the world-wide EAA Young Eagles Program and continues to fly for US Airways.

This is a unique opportunity to hear a native Wisconsinite and national hero speak.
